

EZETENDU WILLIAMS CHIDOZIE

MERN STACK DEVELOPER

+2348025656231
WECRLG@GMAIL.COM
LAGOS, NIGERIA

OBJECTIVE

As a full-stack web developer, my mastery of JavaScript, TypeScript, Node.js, React and Angular empowers me to design and implement robust applications that streamline processes, enhance user experiences, and overcome intricate obstacles. I thrive on solving complex problems with elegant, efficient, and scalable solutions. I can manage multiple tasks concurrently and find ways to get tasks delivered on time and to specification. Seeking an opportunity to exploit my dexterity and expertise.

SKILLS

Programming Technologies: HTML, CSS, JavaScript, TypeScript, React, Angular, Bootstrap CSS, Tailwind CSS, Node JS, Express JS, Next JS, Mongo DB, Git

Soft Skills: Problem solving, Debugging and testing code base, Web design, Strong Communication and interpersonal skills, Time management, Reporting and presentation, Able to work without supervision as an individual as well as in a team setting.

EXPERIENCES

Tayrexchange Ltd:

Role(s):

- Using the Angular framework, I consumed the Tayrex API, allowing users to filter through their transactions given a particular range of date.
- I paginated the transactions should they be more than fifty(50) in number.
- I implemented the user to be able to download their transactions in .csv extension as well as .pdf

Dkerulative Ltd:

Role(s):

- The core frontend developer that developed this awesome e-commerce system, used the power of Next JS framework to consumed all the API's endpoints to create the user interface.
- Implemented and designed a dashboard for control of the whole application. This enables the admin to carry out CRUD operations seamlessly.
- Also helped to implement the Paystack payment channel.

Teacher On Point:

Role(s):

- Designed the application for online tutorials and tests.
- Used Node JS, Express JS to implement a backend architecture.
- Used Mongo DB as the database to store data.
- Used Next JS on the frontend to produce a beautiful design and server side rendered application.

EDUCATION

Most High College (Lagos) (2008 - 2011) (FSLC)

CERTIFICATIONS:

Web Development with JavaScript (Udemy)

Understanding Advanced TypeScript (Udemy)

Node JS (Udemy)
